

RCS PDF Email

Forget about stamps and envelopes! Now you can send invoices, offers, order confirmations and purchase requisitions by email for your customers and suppliers as pdf documents directly from C5.

RCS IT now integrates your Microsoft Dynamics C5 and your email program. In C5 you create and send offers, purchase requisitions, invoices, order confirmations and much more directly to your customers in the mail program Outlook.

In RCS PDF Email for C5 you can

- » Set up letterheads with firm logo, phonenumber and payment terms as a template for a standard invoice
- » Create Invoices or offers in letters with your own letterheads
- » Print directly from C5

Good Reasons

1. You ease the administrative work by doing it via email.
2. You save time because you do not need to print and pack envelopes.
3. You save money on envelopes and stamps because it is completely electronical.
