eConnect Amazon Webshop

RCS eConnect Amazon 100% Integrated with SAP Business One.
RCS eConnect Amazon is for the companies that sell through Amazon. RCS eConnect automate processes and can save you a lot of time in entering data. By automating you can reduce your delivery time.
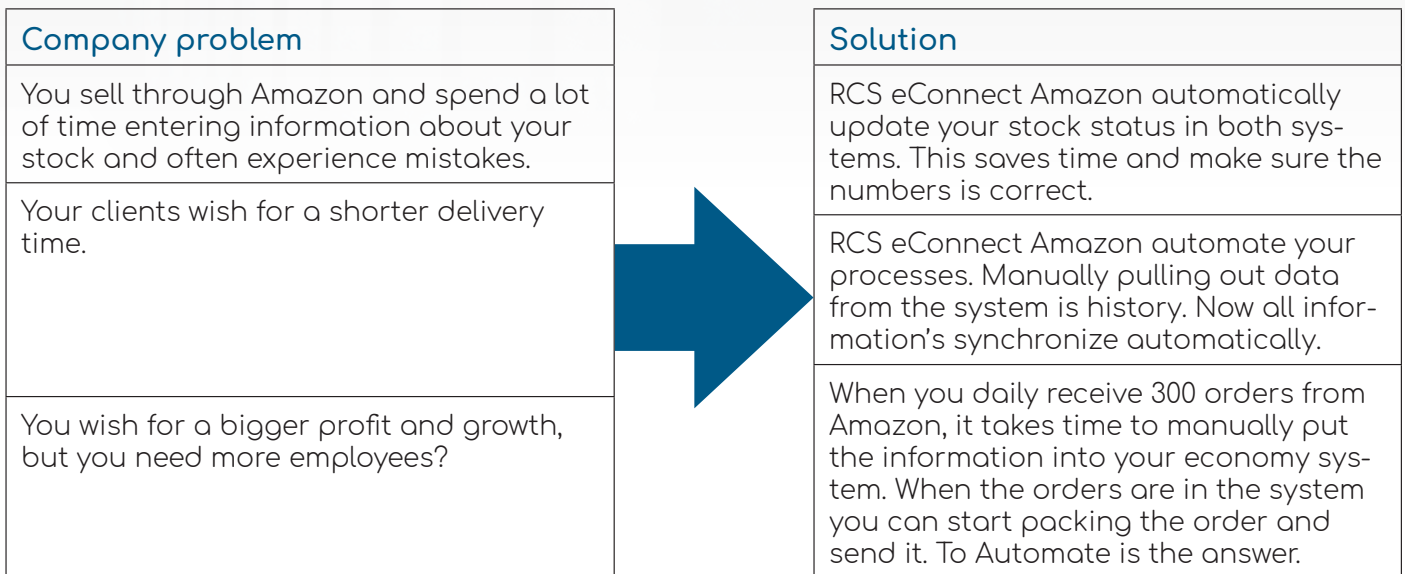

Conventering
RCS eConnect Amazon is a simple solution. It automates processes with pulling out orders and manually export data to the economy system. This saves you times, and you can now focus on other stuff.

SAP Business One
SAP Business One is one of the economy systems we sell. SAP Business One is created for small- and midsized companies, and is available on all platforms.

Easy to get started
It is easy to get started. We can help you with changing into eConnect Amazon and a new economy system. We just need access to your data.

Company problem	Solution
You sell through Amazon and spend a lot of time entering information about your stock and often experience mistakes.	RCS eConnect Amazon automatically update your stock status in both systems. This saves time and make sure the numbers is correct.
Your clients wish for a shorter delivery time.	RCS eConnect Amazon automate your processes. Manually pulling out data from the system is history. Now all information's synchronize automatically.
You wish for a bigger profit and growth, but you need more employees?	When you daily receive 300 orders from Amazon, it takes time to manually put the information into your economy system. When the orders are in the system you can start packing the order and send it. To Automate is the answer.
