

RCS VAT Report

RCS IT presents a VAT report. This product is developed in collaboration with SAP Nordic.

RCS IT presents RCS VAT Report

With RCS VAT report, you get an overview of the VAT accounts. RCS VAT report has been developed in a collaboration between SAP Nordic and RCS IT. The VAT Report is necessary for Norwegian customers to comply with the legal requirements in Norway. As a part of the the agreement between SAP Nordic and RCS IT, RCS IT provides support and maintenance of the product. RCS VAT report is free of charge with SAP Business One in Denmark, Norway, Sweden and Finland. It works as a supplement to the standard VAT reports in SAP Business One. You can create a report where you can see all transactions with VAT code and VAT amount.

With the RCS VAT Report you can

- » Create your own report with your own numbers
- » See VAT amounts on all transactions
- » See VAT code on all transactions
- » See sums for each VAT code

Good Reasons

1. You can make your own reports that give you a unique overview of the VAT accounts
2. It's a great tool for troubleshooting VAT accounts, to you avoid mistakes
3. All transactions are seen with VAT code and VAT amount.
